Dear Club Delegates,
Instructors
and Members

South Island Board Communiqué – November 2009

Regional Director

The Board have completed the recruitment process for the Regional Director and we are pleased to welcome Ms Nicole Kettings as the new Regional Director for the South Island. The Board would like to thank Ms Helen Caley for filling in as acting Regional Director.

In the near future Ms Kettings should be in contact with all clubs and will be arranging two important events - an Instructors Conference in mid February and the Regional Championships in early May.

If you have any questions or feedback about the Region please contact Ms Kettings at rd.southisland@itfnz.org.nz.

Strategic Planning

The Board continues to work on the planning process to create a strategic plan for the Region. The plan will set out the goals of the Region for the future, and what we need to do to reach these goals.

The feedback from the surveys is the first step in this process and will help us to know what our members want from the Region. All members can assist by responding to the surveys that have been emailed out. Please encourage all members to participate and if you have any ideas please pass them on Ms Kettings. Each survey that is fully completed puts the respondent into a draw to win one of 10 double movie passes, which will be drawn early in 2010. The closing date to respond to the surveys is 5 January 2010. Please remember that the information gathered in the surveys is fully confidential and will only be used to help the Region decide where we want to go in the future.

The second stage of feedback will be the Instructors Conference where the results from the surveys will be presented for discussion and a strategic plan will be drafted.

Yours truly

Kris Herbison, IV dan
Board Chair
